9th conference

Graubünden forscht

Davos Congress Centre, Hall Aspen

November 8-9, 2024

Mittag der Forschung Science Noon

November 9, 11:45 AM to 2:00 PM

Education and research. **graubünden**

Friday, November 8, 2024

08:00-09:30 Registration & "Znuni"

09:30-10:00 Welcome and opening

Allgöwer, Britta	President Academia Raetica
Favre Accola, Valérie	Vice President of the Cantonal Parliament of Graubünden & Head of Regional Development, Region Prättigau / Davos
Haller Rupf, Barbara	Director Academia Raetica

10:00-10:30 Insights from ETH Studio Davos

Chair: Barbara Haller Rupf

How machine learning improves research in solar physics

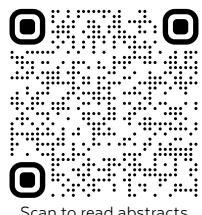

Barczynski, Krzysztof	Physikalisch-Meteorologisches Observatorium Davos / World Radiation Center, ETH Zurich
-----------------------	---

Machine learning techniques in solar jet detection

Jentgens, Henrik &	ETH Zurich
Moll, Rémy	ETH Zurich

ETH Studio Davos: Students aiming high

Bärenfaller, Katja	Swiss Institute of Allergy and Asthma Research (SIAF), University of Zurich
--------------------	---

Scan to read abstracts

10:30-10:45 Break

10:45-11:45 Session 1 (Aspen I) Natural Sciences, Robotics, and Photonics

Chairs: Britta Allgöwer, Academia Raetica & Ruzica Dadic

WSL Institute for Snow and Avalanche Research SLF

Why does a snow scientist bring a saw and black ink on a field trip?

Walet, Melin	WSL Institute for Snow and Avalanche Research SLF
--------------	---

A century of rewilding

von Büren, Raphael	Swiss National Park
--------------------	---------------------

Quantitative analysis of forest windfall damage using aerial ortho-imagery

Schüssler, Jan	University of Applied Sciences of the Grisons
----------------	---

Ground-based solar radiation measurements and the study of atmospheric aerosols

Karanikolas, Angelos	Physikalisch-Meteorologisches Observatorium Davos / World Radiation Center
----------------------	--

Scan to read abstracts

10:45-12:00 Session 2 (Aspen II) Medicine and Life Sciences

Chairs: Mirjam Schenk, CK-CARE Christine Kühne-Center for Allergy Research and Education &

Willem Van de Veen, Swiss Institute of Allergy and Asthma Research (SIAF)

An allergic twin is different from a healthy one, right?

Schneider, Stephan	Swiss Institute of Allergy and Asthma Research (SIAF), University of Zurich
--------------------	---

Characterising 'sugared' proteins with mass spectrometry

Sun, Xindong	Swiss Institute of Allergy and Asthma Research (SIAF), University of Zurich
--------------	---

Sprint-Interval-Training under hypoxia in persons with Multiple Sclerosis: A feasibility study

Riegel, Franziska	Kliniken Valens
-------------------	-----------------

Low-level laser therapy in patients with head and neck tumour undergoing radio- or radiochemotherapy

Litscher, Hanna	Kantonsspital Graubünden
-----------------	--------------------------

Spatial transcriptomics to study fracture healing in mouse models

Giger, Nico	AO Research Institute Davos
-------------	-----------------------------

Scan to read abstracts

11:45-13:00 Lunch

13:00-14:00 Session 3a (Aspen I) Medicine and Life Sciences

Chairs: Katja Bärenfaller, Swiss Institute of Allergy and Asthma Research (SIAF) / University of Zurich &

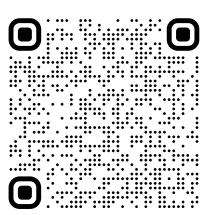

Esther Wehrle, AO Research Institute Davos

Sex bias in intervertebral disc degeneration (IDD) and osteoarthritis (OA) research

Zuncheddu, Daniele	AO Research Institute Davos
--------------------	-----------------------------

How flexible are neutrophils to opposing signaling in atopic dermatitis?

Diedro, Mel	CK-CARE Christine Kühne-Center for Allergy Research and Education
-------------	---

13:00-14:00 Session 4 (Aspen II) Education and Humanities

Chairs: Sog Yee Mok, Pädagogische Hochschule Graubünden &

Ana Petrus, University of Applied Sciences of the Grisons

Orbita: a new textbook for teaching Italian in the Canton of Grisons

Giudici, Alberto & Pädagogische Hochschule Graubünden

Manetti, Elisa Désirée Pädagogische Hochschule Graubünden, SUPSI DFA/ASP

Border experiences in the microcosm Graubünden

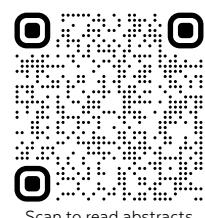

De Piante Vicin, Paola University of Zurich / Institut für Kulturforschung Graubünden

A comprehensive study of requirements engineering in Switzerland

Moravánszky, Anthea University of Applied Sciences of the Grisons

Development of a test instrument for assessing flexible calculation strategies in third grade math

Viertler, Karin Pädagogische Hochschule Graubünden, FHNW, PHSG

Scan to read abstracts

14:00-14:10 Short break

14:10-14:50 Session 3b (Aspen I) Medicine and Life Sciences

Chairs: Katja Bärenfaller, Swiss Institute of Allergy and Asthma Research (SIAF) / University of Zurich &

Esther Wehrle, AO Research Institute Davos

The effect of L-phenylalanine on CD4+ T cell activity

Kulkarni, Abhijeet Swiss Institute of Allergy and Asthma Research (SIAF)

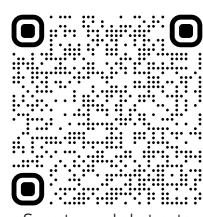

The gut microbiome metabolite heals the skin and gut epithelial barrier and shows anti-inflammatory effects

Pat, Yagiz Swiss Institute of Allergy and Asthma Research (SIAF)

Wissenschaftsquiz am Samstag, 9. November

Nutze die Gelegenheit, dein Wissen zu testen! Unter den Teilnehmerinnen und Teilnehmern, welche die meisten Fragen zu den Vorträgen in den Sessions 8 bis 11 korrekt beantworten, verlosen wir attraktive Preise. Wähle aus drei möglichen Antworten die richtige aus. Der Hauptpreis ist eine **SAISONKARTE FÜR DEN WINTER 2024/25 FÜR ZWEI PERSONEN IM SKIGEBIET SLOWMOUNTAIN SCHATZALP-STRELA IM WERT VON CHF 660.00.**

Zur Teilnahme scanne bitte den QR-Code oder besuche diesen Link: <https://app.sli.do/event/p3Hhpdu45qEWvvm4BGMKob>. Um die Fragen zu beantworten, wähle die entsprechende Session (8 bis 11) aus. Das Onlinequiz ist nur während der Sessions geöffnet. Eine Vorschau auf die Fragen findest du unter dem jeweilen Abstract: <https://gr-forscht.ch/abstracts>. Die Gewinnerinnen und Gewinner werden bis zum 25. November per E-Mail benachrichtigt.

Science Quiz on Saturday, November 9

Take the opportunity to test your knowledge! Among the participants who answer the most questions correctly from the talks in sessions 8 to 11, we will be giving away attractive prizes. Choose the correct answer from the three options provided. The grand prize is a **SEASON PASS FOR WINTER 2024/25 FOR TWO PEOPLE AT THE SLOWMOUNTAIN SCHATZALP-STRELA SKI AREA, VALUED AT CHF 660.00.**

To participate, please scan the QR code or visit this link: <https://app.sli.do/event/p3Hhpdu45qEWvvm4BGMKob>.

To answer the questions, select the respective session (8 to 11). The online quiz is only open during the sessions. You can find a preview of the questions under each respective abstract: <https://gr-forscht.ch/en/abstracts>.

Winners will be notified via email by November 25.
